These are print screens, showing 3 (Google Contact, MyBase Freeform Database and SimpleMind Mind Map) different types of software, described in Episode 9 of the “Oportuno” Podcast, adding these 8 example categories to each of these.

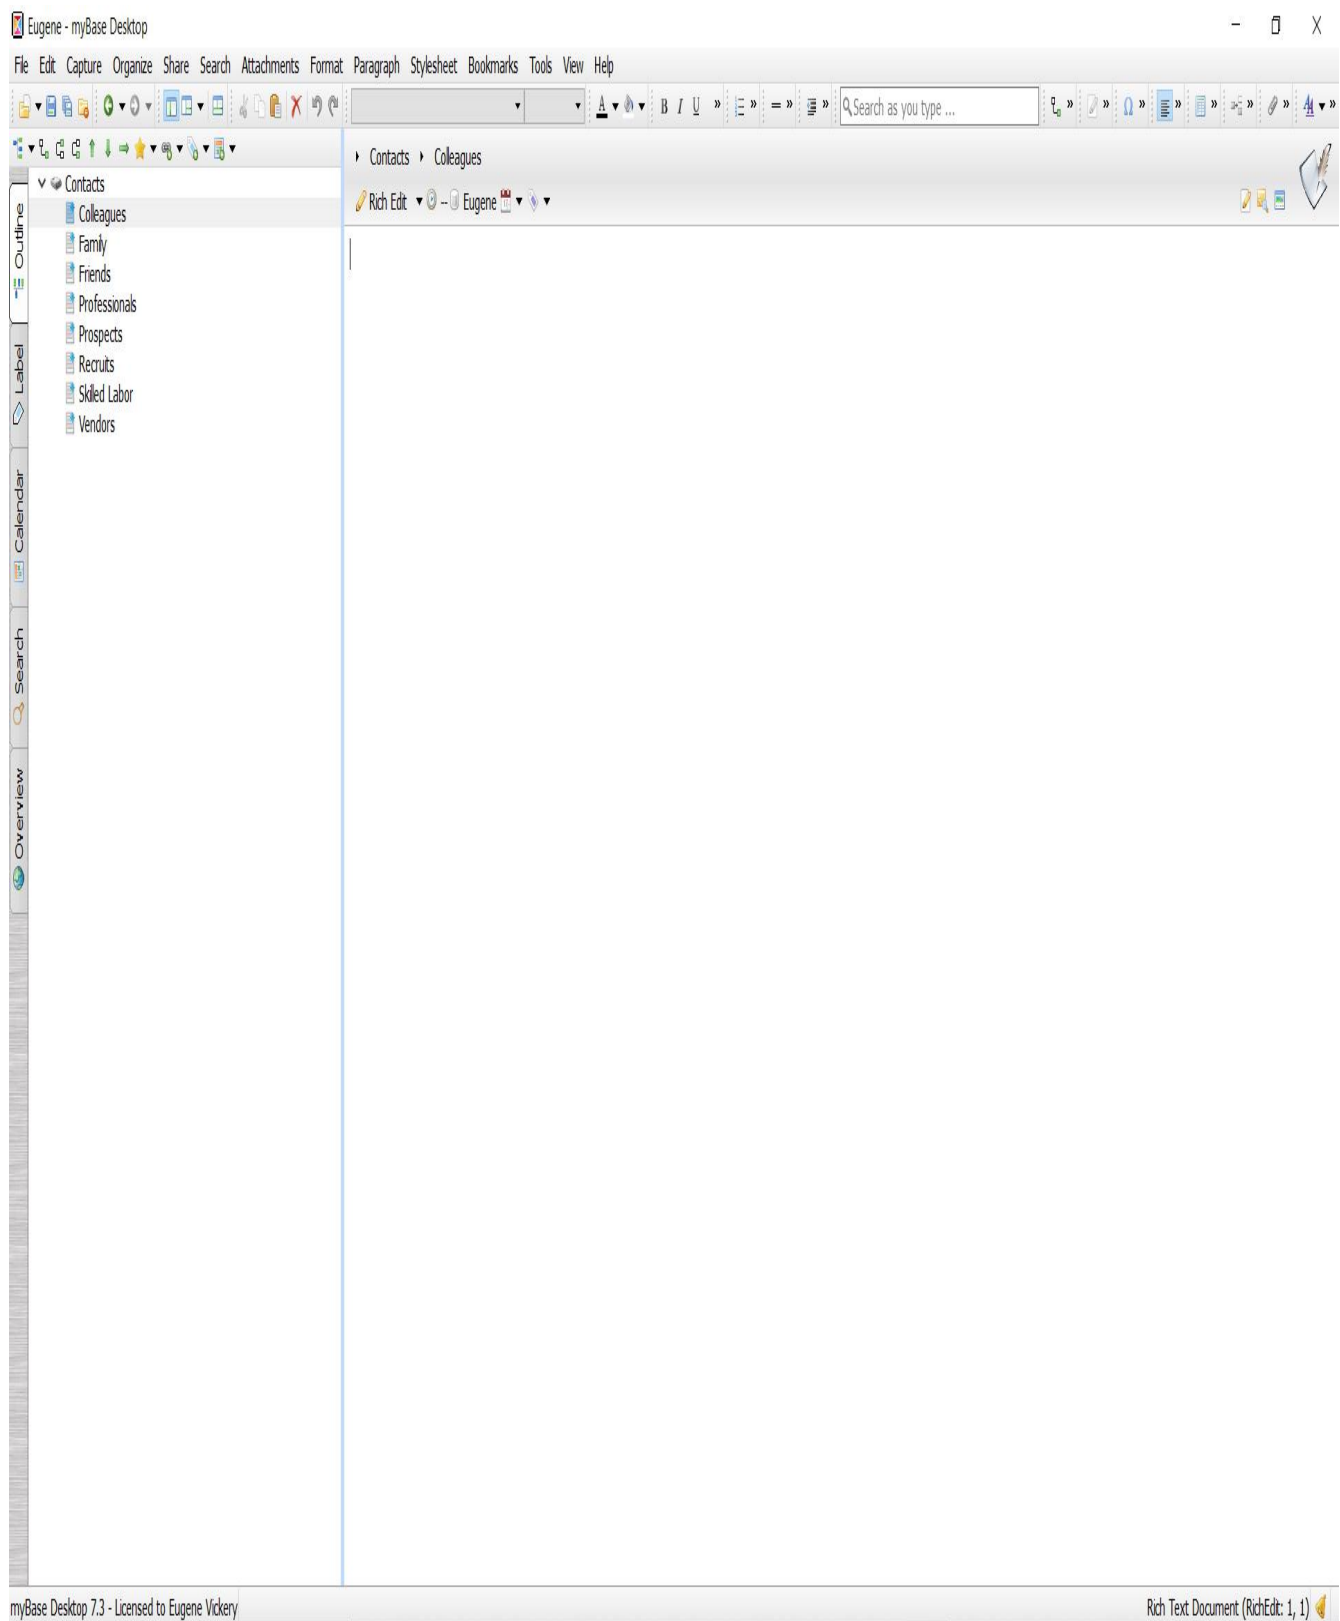

Prospects, Colleagues (or Coworkers), Vendors, Recruits, Professionals, Skilled Labor, Friends and Family

These are examples only. Categories can differ, person to person, depending on how they want to categorize their network.
